Answers

1. Most children will participate in sports *provided that* they are encouraged.

2. *Because* video games are highly addictive, parents need to monitor how much time their kids play them.

3. The environment will improve *once* the number of cars decreases.

**Prompt: Some people believe they should keep all the money they earn and not pay tax to the state. *Do you agree or disagree?***

I disagree with the statement that individuals should not pay taxes to the state for two main reasons. First and foremost, taxpayer money is used to fund basic amenities and public services, such as running water, schools, and hospitals. Although many people dislike paying taxes, it is important to remember that without taxpayer money we would not have access to these basic services. Additionally, taxes help stabilize the economy. If we didn't pay our taxes, the government would be unable to invest in the future and security of the country. In conclusion, even though many people argue that we should pay less taxes, I believe taxation is vital in order to maintain a high standard of living.
